

## 2024 Benefits Update for Active Employees

Your benefits coverage from the Public Sector Group Insurance Plan (PSGIP) is an important part of your total compensation package, providing health and dental coverage and financial protection for you and your family throughout your career. The PSGIP Trustees are proud to offer you a comprehensive benefit program.

The Trustees recently completed the annual financial review of your benefits program. The results of this review are summarized below, including the rate changes effective **April 1, 2024**.

### 2024 Rates

The Trustees review the benefits program every year to ensure that contribution rates are adequate to pay expected claims and expenses in the coming benefit year and so that the plan remains strong and sustainable.

As a result of this review, you will see some changes to the long-term disability, health, dental and travel rates effective **April 1, 2024**. There will be no change to the cost of basic life, dependent life, optional life, optional critical illness and basic and optional accident coverage.

The need to increase the health and dental rates is the result of increased claims under the benefit program which is driven by a combination of higher utilization (e.g. more members claiming services) and a general increase in price inflation. Despite the rise in health and dental rates, the Trustees are pleased to inform members there is a decrease to the current long-term disability rate.

Outlined below is a summary of the renewal rate adjustments effective **April 1, 2024**:

Plan	Rate Change	Plan	Rate Change
Basic Life	No change in rates	Long-term Disability	10% decrease in rates
Dependent Life	No change in rates	Health Plan	12% increase in rates
Basic and Optional Accidental Death & Dismemberment	No change in rates	Dental: Basic	12% increase in rates
Optional Life & Optional Critical Illness	No change in rates	Dental: Basic/Major/Ortho	9% increase in rates
		Travel Plan	14% increase in single 17% increase in family
